

We have celebrated World Environment Day 2023 (WED) with Darwin International School and raised awareness about conserving the environment and saving it.

We have included several activities with children, here are the highlights:

Dear All
Wishing you all a "Happy World Environmental Day "
"Preserve and cherish the pale blue dot, the only home we've ever known." –Carl Sagan

World Environment Day is observed every year on the 5th of June. World Environment Day is celebrated across the world to raise awareness and describe the importance of mother nature.

This year, 2023, SCII (System Consultant Information India Pvt. Ltd.) planned to share knowledge and aware young minds towards nature.
